

Supervisor / foreman

Job description:

As a supervisor you will be responsible for all temporary staff during high season. Every morning you discuss orderload with the warehouse manager. From there you divide the tasks and put people up to work. Together with the team you make sure all orders for that day will be ready.

Your job is to monitor and control progress of all work. You're also the person who keeps contact with Synergie about the temporary workers when for example extra staff is needed. After high season you will work on the regular logistic work with permanent staff. A great opportunity!

What are you going to do exactly?

- Organising all work and orders each day
- Control of productivity
- Introduction for new temporary workers
- Communication with planner of Synergie
- Monitoring everyone works safe and follows company rules
- Keeping eye on efficiency

What do we offer you?

- Working Monday-Friday, between 06.00-18.00, sometimes extra on saturday
- Independency
- Long term job with possibility of permanent contract
- Nice salary

Who are You?

- 3+ years experience in logistic
- Experience as supervisor or ready for a next step
- Natural leader
- Hard worker
- Responsible
- Motivator
- English and Polish, Dutch is welcome too
- Intention to build a future at this company

Company Profile:

Our customer is a family business in decorative wall coverings, building materials, garden assortment and tiles. The logistic work increases from March wherefor they need extra staff every year. The distribution center in Son forms the heart of the logistics organisation and covers a large part of more than 100,000 m² of grounds.
