

Hello..., Goodbye...!

Image: Monika Nasqidashvili- Saczawa (Synergie), Przemyslaw Forsysinski, Rombout van Rooij (M CCP Netherlands B.V.)

January 2019, the start of a new job for Przemyslaw. In his first conversation with Synergie it soon became clear he was a perfect match for our client M CCP Netherlands B.V. Living in Helmond he could work close to home, having experience in logistics and production made him the allround worker they were looking for but most important; he has the right personality to fit the team. Working in five shifts was a good combination to organize his family life and so the story began.

Przemek learned quickly, being trained by one of the Polish permanent staff from day one. He developed his skills and after a few weeks we received only positive feedback on him and his work. Happy client, happy Przemek, happy Synergie!

Today was a bit more of a sad day for us. We had to let him go! As we agreed on in our contract with M CCP Netherlands B.V. they are offering successful workers a company contract after three months of work. Fully deserved, that also happened to Przemek. Of course we can only be proud of his achievement and wish him all the best and a wonderful career in the future. Thankyou for the short but nice time we had you as our employee!
